

Agenda Week 4

Claire (Clayton) Stokka

5 December 2023

1 Opening

- Time: 13:45 - 17:45
- Location: Flux Hall B
- Attendees: All Team Members
- Chair: Claire (Clayton) Stokka
- Note-taker: Alexis FIMEYER

2 Status Check-In (13:45 - 14:15)

- Review progress made since last lab
- Review API feedback from other teams
- Review TA API feedback

3 Give Additional API Feedback (14:15 - 14:45)

- Create gitlab issues to inform other teams of our needs from their APIs
- Discuss points of confusion with other teams, if present at the lab

4 Modify API According to Received Feedback (14:45 - 17:45)

- Enqueue for clarification of TA Feedback
- Discuss and implement needed changes to the API specification

5 Project Setup (14:45 - 17:45)

- (Task for one or two team members while the rest work on the API)
- Modify template project to have our orders microservice instead of an example microservice
- Setup OpenAPI generator to autogenerate models from our API specification
- Create merge request for the changes

6 Planning (Last 30 minutes)

- Discuss issue assignment for the week
- Plan follow-up meeting if needed to finalize API
