

Meeting Notes for November 28

Time: 13:45 – 17:30

Location: Flux Building

Attendees: All team members

Chairperson: Razvan Dinu

Note-taker: Mate Rodić

Review of Previous Meeting

- We reviewed what we have made last week
- Discussed today's agenda, looked at what needs to be done today

Creating Final OpenAPI Specification

1. Improve template
 - Improved out template from last week by looking at feedback from TA and by other groups
 - Talked with other groups over gitlab and in person to better understand what they need from us and what we need from them
 - Finalized our template
2. Write yaml OpenAPI Specification
 - Wrote the whole API specification our microservice
 - Got feedback from other teams and made minor changes
 - Submitted final specification

Upload final version of backlog

- Revised our backlog from last week, adjusted it according to received feedback and uploaded final version

Feature division

- We divided features to all the members on which we will be working for the next 1-2 weeks according to previously created issues on GitLab

Meeting summary

- Scheduled a short meeting on Thursday in case some changes need to be made to API specification after other teams submit their specifications.
